## BOARDSTIX PAINT PENS

Created and made in the United States. When BoardStix® started it was developed as the perfect pen for surfboard art. It has since been used for making artwork on snowboards, skateboards, skimboards, hats, shoes and backpacks. These pens are capable of attaining the desired chroma and color intensity your imagination calls for. Intense, penetrating color that can be blended, diluted and erased with water at any time until the final finishing seal is applied.

# SURFBOARD FINS

## PRO TECK SAFETY FINS

**PERFORMANCE FINS** have a rigid core that creates good drive and projection off bottom turns and cutbacks. The combination of the flexible edges and rigid core will help to make your board ride smoother, faster, and easier to turn. This will allow you to surf better, reduce fin injuries, and add more fun to the sport of surfing!

**SUPER FLEX FINS** have a soft flexible core and soft edges making it the ultimate safety fin for beginners, surf schools, and board rentals. Super Flex Fins are also for the surfer who wants a fun, very easy turn and forgiving fin.

**LONGBOARD CENTER**
